DISCOVER DJ&A

DJ&A has proudly serviced our customers since 2011. We are a manufacturer, packer, exporter and wholesaler of quality health food and beverages.

OUR SUCCESS STORY

DJ&A is an Australian family business that was established in 2011. We saw that there were not many healthy and tasty products available to consumers. We wanted to change this. So we started experimenting with vegetables and fruit crisps and eventually created the Veggie Crisps and Freeze Dried Fruit range.

We are always challenging ourselves to create new, fun and better for you products that do not compromise on taste. Now DJ&A has created over 100 products which are being enjoyed in over 50 countries around the world.

Coming to work at DJ&A every day is a pleasure because we are always getting amazing feedback from our customers. It is very rewarding when parents are writing to us saying thank you because their children are finally eating their vegetables!
